Notes of dark berries, ripe blueberries and savory nuances of herbs and green peppercorns

Organically grown grapes - not certified

No added sulfites

Certified Vegan

13.5% ABV

Wine Business Monthly, 'Hot Brands,' February 2019

90 points, Editor's Choice - Wine Enthusiast

The first & only single vineyard Napa Valley Cabernet Sauvignon packaged in a can.

The first Napa producer to make single vineyard, variety, vintage dated canned wines.

Winemaking Notes:

The first and only single vineyard Napa Valley Cabernet Sauvignon. The 'Soda Pop Vineyard' Cabernet Sauvignon is a small, backyard vineyard located on Soda Canyon Road in East Napa. It was planted organically 25 years ago, for Herb Lamb. We farm this vineyard in house, and we implement "beyond organic" farming methods, meaning that we do not spray anything on the vines or into the soil.

We hand harvested on September 15th in the early morning. We whole cluster sorted then de-stemmed the Cabernet Sauvignon and let the wine ferment naturally in stainless steel. No oak on our Cabernet and this was purposeful. We gently pumped over the Cabernet to induce malolactic fermentation, to create more texture and a smooth finish. As we like to call this: "Cabernet Sauvignon without the makeup."

Sans Wine Co. is owned and operated by husband/wife team, Gina Schober & Jake Stover.
